Best Pizza on Planet Earth™

**A little bit about our PIZZAS.**

Great Northern serves true and honest sized medium and large pizzas. We keep it simple by stating that a medium is 12" and a large is 16". All of our pizzas are cut into eight large 'real slices'. If you prefer a different number of slices, please ask.

Great Northern simply serves the best. We start with supreme quality ingredients and custom create each pizza with care and attention. Great Northern's special crust is hand tossed and baked to perfection. We serve outstanding food coupled with exceptional guest service in a relaxed neighborhood setting.

Thanks for visiting!
